Objective

Frontend Developer with a strong focus on creating modern and user-friendly web applications. Passionate about clean, efficient code and intuitive UI/UX design. Always eager to learn new technologies and improve development processes. Actively seeking opportunities to enhance skills, collaborate with a dynamic team, and contribute to innovative projects.

Education

High School Graduate

Magzhan Zhumabayev Gymnasium No. 15, Turkistan

Student of Bachelor of Information Systems

Suleyman Demirel University, Almaty, Kazakhstan

Expected 2025

Skills

Technical Skills: HTML5, CSS3, JavaScript, TypeScript, ReactJS, TailwindCSS, Redux, Responsive Design, REST API Integration, Git, GitHub, Figma, React Native Basics(Expo)

UI/UX Skills: Cross-browser compatibility, Valid Semantic Markup, Adaptive Design, UX/UI Principles

Backend Basics: Basic Node.js, Basic Python(Django),SQL, MongoDB, Oracle PL/SQL, Firebase

Experience

Furniture E-commerce Website

Personal Project

Developed features such as a shopping cart, carousel, and user interface using React and Tailwind CSS. Implemented user registration with Firebase, product management via API, user reviews, and payments without a backend. The website is fully responsive. Tech stack: ReactJS, Tailwind CSS, REST API.

Developer Job Board

Personal Project

Created a platform for posting and searching developer job listings. Users can add and manage job posts using a JSON-based API. The website is responsive and built with ReactJS, Tailwind CSS, and REST API.

News Portal

Personal Project

Designed a news display and filtering page integrated with data from RESTful APIs.

Travel App UX/UI Design

Personal Project

Developed the UX/UI design for a travel application using Figma, focusing on user-friendly navigation and aesthetic layouts.

About Me

I am a fourth-year student at Suleyman Demirel University (SDU), passionate about frontend development and committed to delivering high-quality web applications. My project experience has deepened my knowledge of React and emphasized the importance of user-friendly interfaces and performance optimization. I aim to work in a company that values innovation and team contributions. I am eager to contribute my skills to large-scale projects and gain experience in complex development environments.
